General

The MODUL University Vienna Scholarship Program consists of industry partners who provide a limited number of prestigious awards for outstanding students.

There are different types of scholarships having different application procedures - some are awarded solely on consideration of the original application, while others require you to submit additional material. If you are interested in being considered for a specific award, please make sure you read the instructions carefully and follow the required procedure. Please note: *Most MU Vienna scholarships require accepted students to submit a separate scholarship application. They are only available to candidates who completed the application procedure and who have been offered a place in one of the study programs. Scholarships are usually awarded in early April.* The scholarships below will be awarded to students joining our classes in October 2010. In order to help you identify the awards most relevant to you, please use the links below:

- [Scholarships open to all](#)
- [Scholarships by nationality](#)
- [External Scholarships](#)

For students already enrolled, there is the possibility to apply for [Merit Scholarships](#) or the [Study, Research and Mobility Grants](#) provided by MODUL University Vienna.
